YOUR CHILD'S CHARACTER

Good character is the supreme objective of education and of life. In school worthy standards of conduct are emphasized and the virtues that underlie excellence and happiness are practised. The school is building character in your child by helping him to achieve physical, mental, and spiritual fitness; by training him to use facts correctly and to weigh evidence carefully; by encouraging him to observe the principles of good behavior as a matter of intelligent action rather than because he fears punishment. The school teaches the lives of men renowned for their nobility of character. It offers opportunity to develop the qualities of honesty, generosity, dependability, and courage which are the glory of good men. The school fosters faith. It commends to youth a belief in God and religion.
